PRODUCT & STRATEGY OPERATOR | 0-to-1 PRODUCTS, AI & COMMERCIAL GROWTH | £2.4B SCALED, £2M ARR

EXECUTIVE SUMMARY

8+ years in product, turning undefined problems into products customers pay for. Built and scaled a merchant payments suite to £2.4B in annual transaction volume across 100,000+ locations and four international markets, then launched an AI-first analytics business from 0 to £2M ARR, 20,000+ users and 10+ Enterprise customers. Combines product strategy, customer discovery and commercialisation with hands-on AI development, building and deploying agents, workflows and software with Claude Code and GitHub.

Targeting Founding Product, Product & Strategy or product-led Chief of Staff roles.

CORE SKILLS

- **Product & Strategy:** 0-to-1 Product Development, Strategy, Discovery, Prioritisation, Product Ops
- **Commercial:** Go-to-Market, Pricing & Monetisation, Packaging, Enterprise Sales, Growth
- **AI & Technical:** AI Agents, Rapid Prototyping, Workflow Automation, Claude Code, GitHub
- **Customer & Discovery:** Customer Discovery, User Research, Market Research, Experimentation
- **Leadership:** People Management, Squad Leadership, Cross-Functional Leadership, Executive Stakeholder Management

KEY ACHIEVEMENTS

- **£2.4B Annual Transaction Volume:** Built and scaled Dojo's remote payments suite across three squads, four international markets and 100,000+ merchant locations.
- **£2M ARR from 0-to-1:** Launched Dojo's AI-first analytics suite to 20,000+ users and 10+ Enterprise customers, with product discovery and development supporting 10+ Intelligence deals.
- **163% YoY Revenue Growth:** Drove commercial growth across three squads through product experimentation, pricing and post-payment optimisation.
- **140% Tips / 115% Reviews:** Led post-payment and QR product experiments that increased merchant tips by 140% and review conversion by 115% within six months.
- **0 to National Scale:** Took a John Lewis direct-to-consumer venture from MVP to national rollout, increasing enquiry conversion by 50% through pricing and package experimentation.

PROFESSIONAL EXPERIENCE

Dojo | Lead Product Manager (AI, Data & Commercial) | May 2025 – Sep 2026

Led the 0-to-1 launch and commercialisation of Dojo's AI-first analytics product.

- Built **Intelligence Lite and Intelligence Pro from 0 to £2M ARR and 20,000+ users**, defining the proposition through customer discovery, pricing and willingness-to-pay research.
- Built AI agents that automated **6 team workflows**, including company updates, Jira automations, Notion roadmap integrations and customer insight triage, saving the team **5+ hours a week**.
- Led Enterprise customer discovery and supported sales, with the product winning **10+ customers** whose feedback shaped the roadmap.
- Owned GTM and monetisation, managed two junior PMs and set direction for product, engineering, data and commercial teams.

Dojo | Senior Product Manager (Revenue & Consumer Growth) | Nov 2022 – May 2025

Owned commercial performance across three squads and £2.4B in annual card turnover.

- Drove **163% YoY net revenue growth** through product experimentation, pricing and post-payment optimisation.
- Led QR and post-payment initiatives that increased **merchant tips by 140%** and **review conversion by 115%** within six months.
- Owned product strategy across remote payments and online checkout and led cross-functional teams through discovery, launch and scale.

Dojo | Product Manager (Remote Payments, 0-to-1) | Mar 2021 – Nov 2022

Built Dojo's remote payments business from 0-to-1.

- Scaled payment links, virtual terminals and SDKs from 0-to-1 across Dojo's mobile app and developer platform; recognised with Team of the Year and Creator Award.

John Lewis Partnership | Delivery Lead (E-commerce & Checkout) | Mar 2020 – Mar 2021

Modernised checkout infrastructure for one of the UK's largest retailers.

- Led payments delivery across engineering, commercial and third-party partners, integrating PayPal and BNPL propositions into checkout.

John Lewis Partnership | Product Owner (0-to-1 Ventures) | Oct 2018 – Mar 2020

Took two 0-to-1 ventures from concept to launch.

- Scaled a direct-to-consumer MVP into a national business line, lifting enquiry conversion by 50% through pricing and package experimentation; the service earned 150+ five-star Trustpilot reviews.
- Led 0-to-1 discovery and delivery of an industry-first in-home service, from concept through to localised beta.

Waitrose | IT Graduate | Sep 2017 – Oct 2018

- Improved workforce planning across **300+ retail branches** while rotating through software development, analysis and project management.

Earlier: Business Associate, The Challenges Group (2017) | Research Intern, Chainformation (2015)

CURRENT PROJECTS

- **Tech with Soph | Founder & Builder, 2026 - Present:** Building a practical AI resource for non-technical professionals and small businesses, alongside writing Substack about how people use AI. Conducted discovery research with 80+ people to understand barriers to AI adoption and prototyped AI workflows with hospitality businesses.
- **PM OS Growth Skills | Open-Source AI Product & Agent System (github.com/SBizley):** Open-source, Claude-powered PM operating system of 10+ modular AI agents and workflows, covering PRD generation, product strategy, AI prototyping and a 50+ method discovery library. Built and deployed with Claude Code and GitHub, along with the portfolio and Tech with Soph websites.

EDUCATION & PROFESSIONAL DEVELOPMENT

- **BSc Economics and Geography, University of Birmingham:** Advanced economic theory, econometrics, developing economies
- Foundation in Business Change and Requirements Engineering, BCS, The Chartered Institute for IT

EXTRACURRICULAR

- [Red Bull Can You Make It:](#) selected from hundreds of applicants for a week-long, no-money, no-phone expedition across Europe using only Red Bull as currency
- [Devizes to Westminster International Canoe Race:](#) 125-mile non-stop overnight race, placed 3rd in the mixed doubles category
